## INDEPENDENT AUDITORS' REPORT

Month //, 2015

Board of Education  
Lakeview Community Schools  
Lakeview, Michigan

## Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of *Lakeview Community Schools* (the "District"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

*Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

*Independent Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Lakeview Community Schools as of June 30, 2015, and the respective changes in financial position and cash flows, where applicable, thereof and the budgetary comparison of the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### *Implementation of GASB Statement No. 68*

As described in Note 16, the District implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* in the current year. Accordingly, beginning net position of governmental activities was restated. Our opinion is not modified with respect to this matter.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules for the pension plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

*Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated **Month //, 2015** on our consideration of Lakeview Community Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

## LAKEVIEW COMMUNITY SCHOOLS

### Management's Discussion and Analysis

As management of Lakeview Community Schools, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2015.

#### Financial Highlights

- The District implemented GASB Statement No. 68 in the current year. In addition to expanded disclosure requirements, the District is required to report its proportionate share of the MPSERS net pension liability on the statement of net position. This change has resulted in a negative total net position of governmental activities of \$8,183,374.
- The District's total net position increased by \$454,173.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$3,750,377, a decrease of \$4,030,646 in comparison with the prior year, which was largely attributable to the planned spend down of capital projects funds.
- At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,037,131 or 9.3% percent of total general fund expenditures.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements, including management's discussion and analysis, budgetary schedules and combining statements for nonmajor and fiduciary funds.

**Government-wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private sector business.

The *statement of net position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference being *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused compensated leave).

Both of the government-wide financial statements display functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The activities of the District include instruction, supporting services, community services, food services, and athletics. The District has no business-type activities as of and for the year ended June 30, 2015.

## LAKEVIEW COMMUNITY SCHOOLS

### Management's Discussion and Analysis

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains numerous individual governmental funds, one internal service fund, and two agency funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the general fund and 2013 construction fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. These funds include several debt service funds, a food service fund and a technology fund. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

**Proprietary Funds.** The District maintains one proprietary fund. The *internal service fund* is an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an internal service fund to accumulate resources to fund compensated absences payable. Unlike governmental funds, proprietary funds utilize full-accrual accounting, accounting for financial activity regardless of the timing of receipt or payment.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are *not* available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. This is limited to this management's discussion and analysis and the schedules for the MPSERS pension plan immediately following the notes to the financial statements. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

## LAKEVIEW COMMUNITY SCHOOLS

### Management's Discussion and Analysis

#### Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. In the case of the District, reported a deficit net position of \$8,183,374. The requirement to report the District's proportionate share of the MPSERS net pension liability on the statement of net position is a significant contributor to this deficit balance. In addition, the timing of debt service payments and depreciation expense of capital assets will impact the District's net position.

A portion of the District's net position reflect investment in capital assets net of related debt (e.g., land, buildings, vehicles, and equipment, less any related debt used to acquire those assets that is still outstanding). The District uses these capital assets to provide services to the students it serves; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position represents resources that are subject to other external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's ongoing obligations to its general programs.

	Net Position	
	2015	2014
<b>Assets</b>		
Current and other assets	\$ 6,718,803	\$11,651,250

Interest on long-term debt	734,826	784,314
Depreciation - unallocated	598,283	693,046
<b>Total expenses</b>	<u>13,302,846</u>	<u>13,186,740</u>
Change in net position before special item	454,173	607,638
Special item - impairment loss	-	(1,119,899)
Change in net position	454,173	(512,261)
Net position, beginning of year	4,779,095	5,291,356
Restatement for GASB 68	(13,416,642)	-
Net position, end of year	<u>\$ (8,183,374)</u>	<u>\$ 4,779,095</u>

Governmental Activities. Net position increased by \$454,173. This was due the District increasing capital assets by expending proceeds of bonds issued in the prior years.

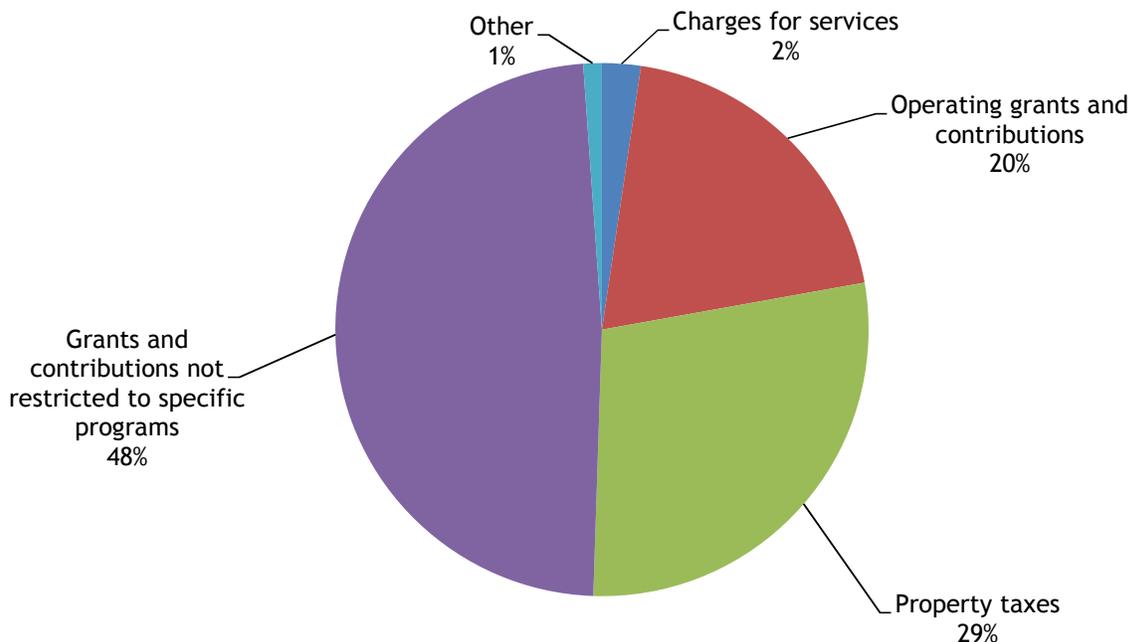

# LAKEVIEW COMMUNITY SCHOOLS

## Management's Discussion and Analysis

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

### Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

## LAKEVIEW COMMUNITY SCHOOLS

### Management's Discussion and Analysis

**Governmental Funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,037,131, while the total fund balance was \$1,111,723. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance and total fund balance represent 9.3% and 10.0%, respectively, of total general fund expenditures.

The fund balance of the District's general fund increased by \$13,279, or 1.2% from the prior year. The largest revenue source in this fund is state revenue which includes primarily state aid. Expenditures consist primarily of costs associated with instruction and related supporting activities. The increase in fund balance was comparable to the prior year.

#### General Fund Budgetary Highlights

Amendments to the original adopted budget are passed in order to reflect changes in information and circumstances. Some of the more significant changes between the original adopted and final amended budgets were:

- Budgeted revenue and expenditures for certain state revenue sources increased in order to account for actual money received based on actual numbers accounted for. The District prepares the original budget as an estimate.
- Budgeted expenditures for instruction increased by \$408,339 overall. This change was because of increases in elementary to account for adding additional staff. Also, budgeted added needs expenditures increased because of changes in preschool from receiving additional slots, which meant receiving more money, which led to spending more in the program and special education from adding more staff.
- Budgeted expenditures for supporting services were increased from \$3,827,482 in the original budget to \$4,419,180. The largest portion of this increase was in the operating and maintenance line because of added benefit costs, additional building repairs, and capital outlay purchases. Another significant portion of this increase was in the improvement of instruction line because of additional professional development costs incurred on during the year.

In accordance with State statute, the District is prohibited from amending the budget after year-end. As the District's books are not closed for accounting purposes at that point, a certain level of estimation is required in determining actual need. Some of the more significant differences between the final amended budget and the actual financial results were:

- Instruction expenditures were approximately \$227,000 less than the final budget as staff benefits lower than anticipated, maintenance invoices and transportation costs were lower than anticipated.
- Supporting services expenditures were approximately \$292,000 less than the final budget because staff benefits were lower than anticipated and buildings did not use all of their allocated supply money.

## LAKEVIEW COMMUNITY SCHOOLS

### Management's Discussion and Analysis

#### Capital Asset and Debt Administration

Capital Assets. The District's investment in capital assets for its governmental activities as of June 30, 2015 amounted to \$21,693,622 (net of accumulated depreciation). Significant additions included renovations and additions to the school's facilities, being funded through voter-approved bond issues. Capital assets at year-end included the following:

	Capital Assets (Net of Depreciation)	
	2015	2014
Land	\$ 362,760	\$ 362,760
Construction in progress	526,512	5,340,547
Buildings and improvements	19,382,514	11,912,876
Machinery and equipment	724,026	626,650
Vehicles	697,810	647,284
Total capital assets, net	<u>\$ 21,693,622</u>	<u>\$ 18,890,117</u>

Additional information on the District's capital assets can be found in Note 7 of this report.

Long-term Debt. At the end of the current fiscal year, the District had total long-term debt outstanding of \$20,641,768. The District's total debt decreased by \$1,433,135 during the current fiscal year as a result of making principal payments as scheduled.

Additional information on the District's long-term debt can be found in Note 9 of this report.

#### Factors Bearing on the District's Future

The following factors were considered in preparing the District's budget for the 2015-2016 fiscal year:

- Increase in foundation allowance of \$140 per student.
- Additional equity payment of \$125 per student.
- Budgeted for 1140 students. (20 less from prior year)

## LAKEVIEW COMMUNITY SCHOOLS

### Reconciliation

Net Changes in Fund Balances of Governmental Funds  
to Change in Net Position of Governmental Activities  
For the Year Ended June 30, 2015

Net changes in fund balances - total governmental funds \$ (4,030,646)

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital assets purchased/constructed	3,535,443
Depreciation expense	(598,283)
Proceeds from sale of capital assets	(13,583)
Loss on disposal of capital assets	(120,072)

Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but a reduction in long-term debt on the statement of net position.

Principal payments on long-term debt	1,403,370
Amortization of bond premiums and discounts, net	16,312
Amortization of deferred loss on bond refunding	(20,771)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in the net pension liability and related deferred amounts	278,091
Change in accrued interest payable on bonds	8,510
Change in compensated absences payable:	
Net change in total liability	13,453
Change in balance recorded in internal service fund	13,949

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather are deferred to the following fiscal year.

Net change in deferred inflows for insurance recovery receivable	(31,600)
--	----------

Change in net position of governmental activities \$ 454,173

The accompanying notes are an integral part of these financial statements.

## NOTES TO FINANCIAL STATEMENTS

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies of Lakeview Community Schools (the “District”), consistently applied in the preparation of the accompanying financial statements, is as follows:

##### The Reporting Entity

As required by generally accepted accounting principles, these financial statements present the reporting entity of Lakeview Community Schools. The criteria identified in GAAP, including financial accountability, have been utilized in identifying the District’s reporting entity which includes no component units.

##### *Government-Wide and Fund Financial Statements*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The District had no *business-type activities* during the year ended June 30, 2015.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental, proprietary and fiduciary funds even though the latter are excluded from the government-wide financial statements.

Major individual governmental funds are reported as separate columns in the fund financial statements.

##### *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The agency fund follows the accrual basis of accounting, but does not have a measurement focus.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or within one year for expenditure-driven grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, expenditure-driven grant revenue and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

*General fund* - This fund is the District's primary operating fund. It accounts for all financial resources not accounted for and reported in another fund.

*2013 Construction Fund* - This fund accounts for capital projects funded with proceeds from sale of bonds in years 2013 and 2014.

Additionally, the District reports the following fund types:

The *special revenue funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

*Debt service funds* are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The *internal service fund* accounts for earned, but unused, sick benefits that the District may be liable for upon employee retirement.

*Agency funds* are used to account for resources held on the behalf of other individuals and governments.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. The District had no capital grants and contributions for the year ended June 30, 2015. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes, unrestricted grants and interest income.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the internal service fund is charges to other funds for employee benefits. Operating expenses for the internal service fund are comprised of accrued compensated absences. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The effect of interfund activity has been eliminated from the government-wide financial statements.

#### *Property Taxes*

Property taxes are recognized as revenue in the general and debt service funds on a levy year basis. The 2014 levy amounts are recognized as current property tax revenue to the extent that they are collected during the year or within 60 days after year-end. Collections of delinquent taxes in subsequent years are recognized as property tax revenues in the year collected. Property taxes are levied December 1 on the assessed valuation of property located in the District as of the preceding December 31, the lien date. Assessed values are established annually by the various governmental units within the District and are equalized by the State of Michigan.

#### *Cash and Cash Equivalents*

The District considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.

#### *Investments*

The District's investments consist of money market mutual funds and U.S. government securities. Investments are stated at fair value.

State statutes authorize the District to invest in:

- a. Bond, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts, depository receipts of a qualified financial institution.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- d. Bankers acceptances of United States banks.
- e. Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- f. Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

g. External investment pools as authorized by Public Act 20 as amended through December 31, 1997.

#### *Receivables*

The District follows the practice of recording revenues that have been earned but not yet received as receivables. Receivables consist primarily of State Aid payments from the State of Michigan and Federal grant funds earned but not yet collected. No amounts have been identified as potentially uncollectible by management, and therefore, no amount has been recorded as a provision for bad debts.

#### *Other Assets*

Inventories consist of office supplies and food items. Inventories are stated at cost (first in, first out). Payments to vendors for services that will benefit periods beyond a fund's fiscal year-end are recorded as prepaid items in both the government-wide and fund financial statements.

#### *Capital Assets*

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the District are depreciated using the straight line method over the following estimated useful lives:

	Years
Buildings and improvements	20-45
Machinery and equipment	5-20
Vehicles	8

#### *Deferred Outflows of Resources*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports deferred outflows for the loss on refunding. This amount represents the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The District also reports deferred outflows of resources related to the net pension liability. A portion of these costs represent contributions to the plan subsequent to the plan measurement date. More detailed information on pension-related deferred outflows can be found in Note 10.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### *Salaries Payable and Accrued Employee Benefits*

A liability is recorded at June 30 for those amounts owed to teachers and other employees of the District who do not work during the summer when school is not in session but have elected to have their salaries paid over an entire year. This has the effect of properly charging their salaries to expenditures in the fiscal year in which their services are received, even though they are not paid until July and August of the following fiscal year.

The liability for accrued retirement and the employer share of FICA related to the salaries payable has been recorded as has the liability for employee health insurances for the months of July and August. The District pays these insurances for this period as a part of the compensation for services rendered in the preceding school year.

#### *Vested Termination Benefits*

Most employees of the District are compensated for leaves of absences chargeable to sick days. Each school year, the covered employees are credited with a number of sick days and any unused portion of such allowances can accumulate. Upon retirement, those employees who meet certain age and years of service requirements will be paid for a portion of sick days accumulated to a maximum number of days and at a rate determined by their job category.

The liability for the sick leave has been computed using the vesting method in accordance with generally accepted accounting standards. This District has fully funded this liability through biweekly payroll withholdings. The liability and related cash are reported in the compensated absences internal service fund.

#### *Deferred Inflows of Resources*

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds also report unavailable revenues, which arise only under a modified accrual basis of accounting that are reported as deferred inflows of resources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District reported no deferred inflows in governmental funds at June 30, 2015. The District's deferred inflows of resources related to pension costs. More detailed information on pension-related deferred inflows of resources can be found in Note 10.

#### *Long-term Obligations*

Bond premiums and discounts are deferred and amortized over the life of the related bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, during the current period. The face amount of debt issued is reported as an other financing source. Discounts and premiums on debt issuances are reported as other financing uses and sources, respectively.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### *Fund Equity*

Governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Education. A formal resolution of the Board of Education is required to establish, modify, or rescind a fund balance commitment. The District reports assigned fund balance for amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. The Board of Education has delegated the authority to assigned fund balance to the Superintendent. Unassigned fund balance is the residual classification for the general fund.

The Board of Education has adopted a minimum fund balance policy in which the total fund balance of the general fund will be equal to 5% to 15% of the subsequent years' budgeted expenditures and transfers out. If the fund balance of the general fund falls below the minimum range, the District will replenish shortages or deficiencies using budget strategies and timeframes as detailed in the policy. If the fund balance of the general fund exceeds 15%, the District may consider using such surpluses for certain purposes or may retain such balances for future needs or unanticipated expenses, in accordance with the policy.

When the District incurs an expenditure for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance.

#### *Bonded Construction Costs*

The 2013 Bond Construction Fund includes capital project activities funded with bonds issued after May 1, 1994. For these capital projects, the School District has complied with the applicable provisions of §1351a of the Michigan Revised School Code.

#### *Interfund Transactions*

During the course of normal operations, the District has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating subsidies are also recorded as transfers. The amounts recorded as subsidies or advances are determined by the District.

#### *Pensions*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### 2. ACCOUNTABILITY AND BUDGETARY COMPLIANCE

#### *Budgets and Budgetary Accounting*

Budgets are adopted for general and special revenue funds as required by state law and are adopted on a basis consistent with generally accepted accounting principles (GAAP). The District considers the debt service payment schedule to be an adequate budgetary control for the debt service funds. The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Superintendent submits to the Board a proposed operating budget for the fiscal year commencing the following July 1.
2. Public hearings are conducted to obtain taxpayer comments.
3. The budget is legally enacted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
5. Adoption and amendments of all budgets used by the District are governed by Public Act 621, which was followed for the year ended June 30, 2015. Expenditures may not exceed appropriations at the function code level. The appropriations resolutions are based on the projected expenditures budget of the department heads of the District. Any amendment to the original budget must meet the requirements of Public Act 621. Any revisions that alter the total expenditures of any fund must be approved by the School Board.

#### *Excess of Expenditures over Appropriations in Budgetary Funds*

During the year ended June 30, 2015, the District incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

	Total Appropriations	Amount of Expenditures	Budget Variance
General Fund			
Debt service:			
Transfers out	\$ 141,000	\$ 146,000	\$ 5,000
Technology Fund			
Current - technology	4,000	4,003	3

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### 3. STATE OF MICHIGAN SCHOOL AID

The District reports State of Michigan school aid in the fiscal year in which the District is entitled to the revenue as provided by State of Michigan school aid appropriation acts. State funding represented 73% of the District's general fund revenue during the 2015 fiscal year.

#### 4. DEPOSITS AND INVESTMENTS

The captions on the financial statements relating to cash and investments are as follows:

	Governmental Activities	Fiduciary Funds	Total
Cash and cash equivalents	\$ 1,494,279	\$ 89,795	\$ 1,584,074
Investments	3,503,291	-	3,503,291
<b>Total</b>	<b>\$ 4,997,570</b>	<b>\$ 89,795</b>	<b>\$ 5,087,365</b>

Cash and investments are comprised of the following at year-end:

Checking and savings accounts	\$ 1,583,524
Investments	3,503,291
Cash on hand	550
<b>Total</b>	<b>\$ 5,087,365</b>

Cash and cash equivalents are comprised of deposits in two financial institutions located in Michigan. State policy limits the District's investing options to financial institutions located in Michigan. All accounts are in the name of the District and a specific fund or common account. They are recorded in the District's records at fair value.

The District chooses to disclose its investments by specifically identifying each. As of year-end, the District had the following investments:

Cash management/mutual funds:	
MILAF plus - max series	\$ 900,057
Federal government obligations fund	1,144,994
U.S. government obligations	1,458,240
<b>Total investments</b>	<b>\$ 3,503,291</b>

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### *Investment and Deposit Risk*

*Interest Rate Risk.* State law limits the allowable investments and the maturities of some of the allowable investments as identified in Note 1 of the summary of significant accounting policies. The District's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturity dates for the District's investments are summarized as follows:

Due within one year	\$ 2,045,051
No maturity	<u>1,458,240</u>
<b>Total investments</b>	<b><u>\$ 3,503,291</u></b>

*Credit Risk.* State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of District's specific financial institutions, qualified mutual funds, and qualified external investment pools as identified in Note 1 (summary of significant accounting policies). The investment policy does not have specific limits in excess of State law on investment credit risk. All of the District's investments were rated by Standard and Poors as AAAM as of year-end.

Standard and Poors AAAM	\$ 2,045,051
Not subject to credit risk	<u>1,458,240</u>
<b>Total investments</b>	<b><u>\$ 3,503,291</u></b>

*Custodial Credit Risk - Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. The District minimizes this risk by pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors to be in compliance with the requirements set forth in the District's investment policy. As of year-end, \$1,248,237 of the District's bank balance of \$1,748,273 was exposed to custodial credit risk because it was uninsured and uncollateralized.

*Custodial Credit Risk - Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District minimized this risk by pre-qualifying the financial institutions, brokers/dealers, intermediaries and advisors to be in compliance with the requirements set forth in the District's investment policy. For the District's cash management/mutual funds, custodial credit risk exposure cannot be determined because the mutual funds do not consist of specifically identifiable securities. The District is exposed to no custodial credit risk on the remaining investments because they are held in the name of the District.

*Concentration of Credit Risk.* State law limits allowable investments but does not limit concentration of credit risk as identified in Note 1 of the summary of significant accounting policies. The District's investment policy does not have specific limits in excess of state law on concentration of credit risk. All investments held at year-end are reported above.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### 5. RECEIVABLES AND PAYABLES

Receivables in the government-wide financial statements at year-end are as follows:

	Governmental Activities
Accounts	\$ 6,787
Due from other governments	<u>1,628,724</u>
Totals	<u>\$ 1,635,511</u>

Accounts payable and accrued liabilities in the government-wide financial statements at year-end are as follows:

	Governmental Activities
Accounts	\$ 561,771
Accrued liabilities	1,110,008
Due to other governments	81,566
Interest payable on long-term debt	<u>113,866</u>
Totals	<u>\$ 1,867,211</u>

#### 6. INTERFUND TRANSFERS

For the year ended June 30, 2015, a transfer of \$5,000 was made from the general fund to the technology fund to establish this fund. In addition, a transfer of \$141,000 was made from the general fund to the athletics fund. Since the athletics fund is reported as part of the general fund in the external financial statements, this activity has been netted in the basic financial statements.

### Notes to Financial Statements

#### 7. CAPITAL ASSETS

A summary of changes in capital assets activity for the year ended June 30, 2015 was as follows:

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Governmental activities					
Capital assets, not being depreciated:					
Land	\$ 362,760	\$ -	\$ -	\$ -	\$ 362,760
Construction in progress	5,340,547	526,512	(23,503)	(5,317,044)	526,512
	<u>5,703,307</u>	<u>526,512</u>	<u>(23,503)</u>	<u>(5,317,044)</u>	<u>889,272</u>
Capital assets, being depreciated:					
Buildings and improvements	23,823,744	2,547,372	(14,190)	5,317,044	31,673,970
Machinery and equipment	1,770,218	288,352	(261,349)	-	1,797,221
Vehicles	1,444,763	173,207	(125,805)	-	1,492,165
	<u>27,038,725</u>	<u>3,008,931</u>	<u>(401,344)</u>	<u>5,317,044</u>	<u>34,963,356</u>
Less accumulated depreciation for:					
Buildings and improvements	(11,910,868)	(394,640)	14,052	-	(12,291,456)
Machinery and equipment	(1,143,568)	(80,964)	151,337	-	(1,073,195)
Vehicles	(797,479)	(122,679)	125,803	-	(794,355)
	<u>(13,851,915)</u>	<u>(598,283)</u>	<u>291,192</u>	<u>-</u>	<u>(14,159,006)</u>
Total capital assets being depreciated, net	<u>13,186,810</u>	<u>2,410,648</u>	<u>(110,152)</u>	<u>5,317,044</u>	<u>20,804,350</u>
Governmental activities capital assets, net	<u>\$ 18,890,117</u>	<u>\$ 2,937,160</u>	<u>\$ (133,655)</u>	<u>\$ -</u>	<u>\$ 21,693,622</u>

Depreciation expense is reported as unallocated in the statement of activities.

At June 30, 2015, the District had construction commitments outstanding of approximately \$2,019,000 for projects funded by the 2013 and 2014 building and site bonds.

#### 8. NOTE PAYABLE

The following is a summary of short-term debt transactions of the District for the year ended June 30, 2015:

	Beginning Balance	Additions	Deductions	Ending Balance
School aid anticipation note (maturing 08/20/2015) with an interest rate of 0.63% (operating cash flow)	\$ 1,100,000	\$ 1,000,000	\$ (1,100,000)	\$ 1,000,000

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### 9. LONG-TERM DEBT

The following is a summary of long-term debt transactions of the District for the year ended June 30, 2015:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
Governmental activities					
General obligation bonds	\$ 21,730,000	\$ -	\$ (1,385,000)	\$ 20,345,000	\$ 1,405,000
Installment purchase agreements	18,370	-	(18,370)	-	-
	<u>21,748,370</u>	<u>-</u>	<u>(1,403,370)</u>	<u>20,345,000</u>	<u>1,405,000</u>
Unamortized premiums	308,474	-	(21,391)	287,083	21,391
Unamortized discounts	(116,807)	-	5,079	(111,728)	(5,079)
Compensated absences	134,866	2,347	(15,800)	121,413	5,345
Total governmental activities	<u>\$ 22,074,903</u>	<u>\$ 2,347</u>	<u>\$ (1,435,482)</u>	<u>\$ 20,641,768</u>	<u>\$ 1,426,657</u>

#### General obligation bonds

2008 refunding bonds due in amounts ranging from \$265,000 through \$555,000 plus interest at 4.05-4.65% through 2023 (unlimited tax, general obligation) \$ 3,635,000

2009 refunding bonds due in amounts ranging from \$175,000 through \$400,000 plus interest at 2.40-4.40% through 2022 (unlimited tax, general obligation) 2,800,000

2010B refunding bonds due in amounts ranging from \$285,000 through \$300,000 plus interest at 2.05-3.09% through 2022 (unlimited tax, general obligation) 2,015,000

2013 school building and site bonds due in amounts ranging from \$130,000 through \$685,000 plus interest at 2.00-4.00% through 2038 (unlimited tax, general obligation) 9,630,000

2014 school building and site bonds due in amounts ranging from \$160,000 through \$435,000 plus interest at 2.00-2.50% through 2022 (unlimited tax, general obligation) 2,265,000

Total \$ 20,345,000

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

Future principal and interest payment requirements on outstanding installment debt are as follows:

Year Ended June 30,	Principal	Interest	Total
2016	\$ 1,405,000	\$ 683,196	\$ 2,088,196
2017	1,445,000	639,223	2,084,223
2018	1,490,000	592,176	2,082,176
2019	1,535,000	543,351	2,078,351
2020	1,580,000	492,063	2,072,063
2021-2025	4,865,000	1,732,038	6,597,038
2026-2030	2,875,000	1,191,250	4,066,250
2031-2035	3,135,000	708,476	3,843,476
2035-2038	2,015,000	146,994	2,161,994
Totals	<u>\$ 20,345,000</u>	<u>\$ 6,728,767</u>	<u>\$ 27,073,767</u>

The District has advance refunded certain bonds payable in previous periods through issuance of refunding bonds. The proceeds from issuance of the refunding bonds were placed in escrow until the related bonds were called. Of the refunding bonds reported in the table above, there are no amounts currently held in escrow, as the original bonds in each instance have already been called and repaid in full.

During 2006, the District began advance funding its liability for compensated absences through interfund charges from an internal service fund. The District expects to liquidate its compensated absences through this fund.

### 10. RETIREMENT PLAN

#### *General Information about the Pension Plan*

*Plan Description.* The District contributes to the Michigan Public School Employees Retirement System (“MPERS”), a cost-sharing multiple-employer pension plan administered by the State of Michigan Department of Management and Budget, Office of Retirement Services with oversight from a 12-member board. Benefit provisions are established and may be amended by state statute. The Office of Retirement Services issues a publicly available financial report that includes financial statements and required supplementary information for MPERS. That report can be obtained by writing to Michigan Public School Employees Retirement Services, 7150 Harris Drive, P.O. Box 30171, Lansing, Michigan, 48909 or by calling (517) 322-5103.

Participants are enrolled in one of multiple plans based on date of hire and certain voluntary elections. A summary of the pension plans offered by MPERS is as follows:

Plan Name	Plan Type	Plan Status
Member Investment Plan (MIP)	Defined Benefit	Closed
Basic	Defined Benefit	Closed
Pension Plus	Hybrid	Open
Defined Contribution	Defined Contribution	Open

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

The *Member Investment Plan* (MIP) includes additional subgroups based on hire date. The *MIP Fixed* plan includes members hired prior to January 1, 1990. The *MIP Graded* plan includes members first hired from January 1, 1990 through June 30, 2008. The *MIP Plus* plan includes members first hired from July 1, 2008 through June 30, 2010. Members who initially enrolled in the MIP plan and made a voluntary election to contribute a higher rate are participants in the *MIP 7 %* plan.

Members hired between July 1, 2010 and September 3, 2012 were enrolled in the *Pension Plus* plan. Members hired on or after September 4, 2012 are automatically enrolled in this plan unless an election is made to participate in the defined contribution plan. The plan includes a pension component as well as a savings component. Member contributions to the savings component are matched at a rate of 50% by the employer (up to a maximum of 1%) and invested in a 401(k) plan.

Effective February 1, 2013, members that initially enrolled in MIP were provided the option to convert to a defined contribution plan (*Basic 4%*). In these instances, any service credit accumulated under the defined benefit plan before February 1, 2013 is retained. For service performed after this date, the converted plan member receives 4% employer contributions to a personal 401(k) account.

A member first enrolling in MPSERS on or after September 4, 2012 may elect to enroll in the *defined contribution* plan. Employer and employee contribution rates and vesting requirements are consistent with the defined contribution component of the Pension Plus plan as described above.

*Benefits Provided.* MPSERS provides retirement, death, disability and postemployment benefits to eligible participants. Retirement benefits are calculated as a percentage of the employee's final average compensation times the employee's years of service. All participants qualify for a benefit multiplier of 1.5% for the first 30 years of service. Certain benefit groups receive a reduced rate of 1.25% for service above 30 years. Disability benefits are calculated the same as regular service retirement. Participants are eligible to receive full retirement benefits upon reaching the age and years of service requirements below. Most plans offer additional options for early retirement if certain stipulations have been met. Voluntary contributions vest immediately.

Plan	Eligibility Based on Years of Service	Vesting
Member Investment Plan (MIP)	Age 46 with 30 years or age 60 with 10 years	10 years
Basic	Age 55 with 30 years or Age 60 with 10 years	10 years
Pension Plus	Age 60 with 10 years	4 years
Defined Contribution	Age 46 with 30 years or age 60 with 10 years	4 years

*Contributions.* Employer contributions to the plans are based on a percentage of covered payroll that has been actuarially determined as an amount that, when combined with employee contributions, is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Member contributions are determined based on date of hire and the plan selected. In addition, the District is invoiced monthly an amount that approximates 7.63% of covered payroll for "MPSERS UAAL Stabilization." This additional contribution is offset by monthly State aid payments equal to the amounts actually billed by the Office of Retirement Services. For the plan year ended September 30, 2015, an additional 1.13% MPSERS liability prepayment was invoiced as a one-time cost. Employer contribution requirements for pension, inclusive of the MPSERS UAAL Stabilization and one-time prepayment rates, range from 27.52% to 31.83% of covered payroll. Plan member contributions range from 0.0% to 7.0% of covered payroll.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

The District's contribution to MPSERS under all pension plans for the year ended June 30, 2015, inclusive of the MPSERS UAAL Stabilization and one-time prepayment, was \$1,632,353.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2015, the District reported a liability of \$13,670,809 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 30, 2013. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2014, the District's proportion (as calculated by MPSERS) was 0.06207%.

For the year ended June 30, 2015, the District recognized pension expense of \$1,107,373. At June 30, 2015, the District reported pension-related deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Changes in assumptions	\$ 504,424	\$ -	\$ 504,424
Net difference between projected and actual earnings on pension plan investments	-	1,511,313	(1,511,313)
	<u>504,424</u>	<u>1,511,313</u>	<u>(1,006,889)</u>
District contributions subsequent to the measurement date	1,539,147	-	1,539,147
	<u>1,539,147</u>	<u>-</u>	<u>1,539,147</u>
<b>Total</b>	<b><u>\$ 2,043,571</u></b>	<b><u>\$ 1,511,313</u></b>	<b><u>\$ 532,258</u></b>

The amount of deferred outflows of resources related to District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as pension-related deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2016	\$ (246,663)
2017	(246,663)
2018	(246,663)
2019	<u>(266,900)</u>
<b>Total</b>	<b><u>\$ (1,006,889)</u></b>

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

*Actuarial Assumptions.* The total pension liability in the September 30, 2013 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage inflation	3.5%
Salary increases	3.5% to 12.3%, including wage inflation at 3.5%
Investment rate of return	8.0% (7.0% for the Pension Plus plan)
Cost of living adjustments	3.0% annual, non-compounded for MIP members
Healthcare cost trend rate	8.5% year 1 graded to 3.5% year 12

The mortality table used in this valuation was the RP-2000 Male and Female Combined Healthy Life Mortality Tables, adjusted for mortality improvements to 2025 using projection scale BB. For retirees, 100% of the table rates were used. For active members, 80% of the table rates were used for males and 70% of the table rates were used for females.

Assumption changes as a result of an experience study for the periods 2007 through 2012 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2014 valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Expected Money-Weighted Rate of Return
Domestic equity pools	28.00%	4.80%	1.34%
Alternative investment pools	18.00%	8.50%	1.53%
International equity	16.00%	6.10%	0.98%
Fixed income pools	10.50%	1.50%	0.16%
Real estate and infrastructure pools	10.00%	5.30%	0.53%
Absolute return pools	15.50%	6.30%	0.98%
Short-term investment pools	2.00%	-0.20%	-0.02%
	<u>100.00%</u>		<u>5.50%</u>
Inflation			<u>2.50%</u>
Investment rate of return			<u>8.00%</u>

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

*Discount Rate.* The discount rate used to measure the total pension liability was 8.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that District contributions will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Net Pension Liability to Changes in the Discount Rate.* The following presents the net pension liability of the District, calculated using the discount rate of 8.0%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1% lower (7.0%) or 1% higher (9.0%) than the current rate:

	1% Decrease (7.0%)	Current Discount Rate (8.0%)	1% Increase (9.0%)
District's proportionate share of the net pension liability	\$ 18,023,771	\$ 13,670,809	\$ 10,003,374

*Pension Plan Fiduciary Net Position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at [www.michigan.gov/orsschools](http://www.michigan.gov/orsschools).

*Payable to the Pension Plan.* At June 30, 2015, the District reported a payable of \$252,546 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2015.

#### *Other Postemployment Benefits*

Retirees enrolled in MPSERS before September 4, 2012 have the option of participating in the *Premium Subsidy* plan, a defined benefit postemployment healthcare plan, which is funded by employers on a cash disbursement basis. The State of Michigan has contracted to provide the comprehensive group medical, hearing, dental and vision coverage for retirees and beneficiaries. All health care benefits are on a self-funded basis. A significant portion of the premium is paid by MPSERS with the balance deducted from the monthly pension. Employer contributions range from 2.20% to 2.71% of covered payroll. Plan participants contribute 3% of covered payroll to the Retiree Healthcare Fund. At retirement, these individuals receive a subsidy for healthcare premiums that covers up to 80% of cost.

Plan members enrolled on or after September 4, 2012 participate in the *Personal Healthcare Fund*. This defined contribution other postemployment benefits plan includes a required 2% employee contribution into a personal tax-deferred account, which is matched by an additional 2% employer contribution. Employees are fully vested in these contributions which can be used, along with earnings thereon, to pay for postemployment healthcare expenses. Plan members working prior to September 4, 2012 were given the option to convert from the Premium Subsidy plan to the Personal Healthcare Fund option. Effective February 1, 2013, these members are no longer required to make the 3% employee contribution. Amounts paid into the Retiree Healthcare Fund between September 4, 2012 and February 1, 2013 were credited to each individual's Personal Healthcare Fund account. Any contributions made prior to September 4, 2012 are pending a Supreme Court resolution.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

The District's contributions to MPSERS for other postemployment benefits amounted to \$156,746 for the year ended June 30, 2015.

#### 11. FUND BALANCES - GOVERNMENTAL FUNDS

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies fund balances based primarily on the extent to which it is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Detailed information on fund balances of governmental funds is as follows:

	General Fund	2013 Construction Fund	Nonmajor Governmental Funds	Total
<b>Nonspendable</b>				
Inventory	\$ 33,937	\$ -	\$ 12,651	\$ 46,588
Prepaid items	39,134	-	-	39,134
	<u>73,071</u>	<u>-</u>	<u>12,651</u>	<u>85,722</u>
<b>Restricted</b>				
Capital projects	-	2,118,069	-	2,118,069
Debt service	-	-	298,888	298,888
Food service program	-	-	186,820	186,820
	<u>-</u>	<u>2,118,069</u>	<u>485,708</u>	<u>2,603,777</u>
<b>Committed</b>				
Student technology repair	-	-	22,226	22,226
<b>Assigned</b>				
Pop funds	1,521	-	-	1,521
<b>Unassigned</b>	1,037,131	-	-	1,037,131
<b>Total fund balances - governmental funds</b>	<u>\$ 1,111,723</u>	<u>\$ 2,118,069</u>	<u>\$ 520,585</u>	<u>\$ 3,750,377</u>

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

#### 12. NET INVESTMENT IN CAPITAL ASSETS

The composition of the District's net investment in capital assets as of June 30, 2015, was as follows:

	Governmental Activities
Capital assets:	
Capital assets not being depreciated	\$ 889,272
Capital assets being depreciated, net	<u>20,804,350</u>
	<u>21,693,622</u>
Related debt:	
Bonds	20,345,000
Premiums/discounts on bonds payable, net	175,355
Deferred loss on advance bond refundings, net	(145,399)
Unexpended bond proceeds	<u>(2,118,069)</u>
	<u>18,256,887</u>
Net investment in capital assets	<u>\$ 3,436,735</u>

#### 13. RELATED PARTIES

During the year ended June 30, 2015, a member of the Board of Education served as an account representative for the District's 403(b) deferred compensation plan. Additionally, a family member of a finance employee was employed by a construction contractor used by the District. The individual assisted in the bidding for various projects completed by the District during the year; all projects were formally approved by the Board of Education. Expenditures incurred with this contractor were \$444,915 for the year ended June 30, 2015.

#### 14. CONTINGENCIES

##### *Federal Grant Programs*

The District participates in federally assisted grant programs, which are subject to program compliance audits by the grantor or its representatives. Such audits of these programs may be performed at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the District expects such amounts, if any, not to be material.

##### *Risk Management and Self Insurance*

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended June 30, 2015, the District carried commercial insurance for health benefits, was self-insured for dental/vision and prescription benefits, and participated in a public entity risk pool for liability coverage. The District has had no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.

## LAKEVIEW COMMUNITY SCHOOLS

### Notes to Financial Statements

The District is self-insured for dental, vision and prescription coverage on a pay-as-you-go basis for claims. The self-insurance program is administered by third party administrators. Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Management has recorded known claims payable as of June 30, based on reports provided by the third-party administrators. An estimate for incurred-but-not-reported claims has not been recorded, as management has determined that the amount would not be material to the financial statements.

Changes in the balance of claims liabilities are as follows:

	Coverage Type	
	Dental / Vision	Prescription
Estimated liability, July 1, 2013	\$ -	\$ 15,898
Known claims incurred	100,344	279,808
Claim payments	<u>(100,344)</u>	<u>(273,178)</u>
Estimated liability, June 30, 2014	-	22,528
Known claims incurred	96,845	148,915
Claim payments	<u>(96,845)</u>	<u>(160,522)</u>
Estimated liability, June 30, 2015	<u>\$ -</u>	<u>\$ 10,921</u>

### 15. SUBSEQUENT EVENTS

On August 20, 2015, the District received proceeds of \$700,000 in State of Michigan School Aid anticipation notes due in August 2016. The notes bear interest at 0.74%.

### 16. RESTATEMENT

The District adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, in the current year. As a result of this change, beginning net position of governmental activities was decreased by \$13,416,642.
